We extend sympathies to his many relatives and friends in their bereavement.

There is more force in an iceberg than in a firecracker.

Gravestones do not represent reserved seats in glory.

Duty is the name we give to what God calls opportunity.

A man has no more religion in him than cotton has out of him.

Salvation is not by culture but culture comes by salvation.

Good will preserve the way of the church that observes His will.

Men would have their faith in God if they saw more works in men.

Some men seek a clear track by destroying the signals of conscience.

Culture has never been much of a success as a means of consolation.

The more we are burdened with substance the greater shadows we cast.

It will not do to promise God the faded flower when He asks for the bud.

It is always easier to draw money out of a lean purse than out of a fat one.

The hungry heart is the only payment God will take for the bread of life.

The most striking sermon is usually the one that hits the man who is not there.

THE total number of automatic cashiers supplied the Government by a Wisconsin concern, and out of which transaction the recent indictment of George W. Beavers grew, was 527. The post-office department paid \$150 for the same machines that sold in the open market for \$125. A commission of \$100 was paid on each machine, and of this sum the agent for the company received \$50.

THE Chicago Tribune, which makes a specialty of collecting mortuary statistics, says that 38 deaths occurred Wednesday in various parts of the United States from lockjaw, due to tetanus. All the deaths are the direct result of accidents with toy pistols during the 4th of July celebration. Isn't it about time the toy pistols were prohibited from being sold, borrowed or given away?

THE Danville News says that the INTERIOR JOURNAL will heartily support Messrs. Bell and Hardin. Of course it will. The old lady is getting too old to bolt and wouldn't do so if she could and couldn't if she would. The word bolter is not in her vocabulary. And too, why should she want to bolt such good democrats and splendid gentlemen as Hons. W. Con Bell and Charles A. Hardin?

THERE'S Mike Saulley! Look at him and behold a democrat! He star for the moment disappears behind the clouds. But only for a moment. It will come again, shining brighter than ever. It is impossible to down a good man, and here is one of the best—Editorial in Friday's Courier Journal.

THE Louisville Times asks this pertinent question, which will more than likely go unanswered: If the Federal office-holders can't and Mr. Bradley and Mr. Willson won't act as chairman of the republican State Campaign Committee, why not give the colored brother a show?

LOUISVILLE wants it all. She will make an effort to secure one or both of the national political conventions next year. Urey Woodson will invite the democratic convention and John W. Yerkes will invite the republican convention.

OUR brother, Mr. W. P. Walton, of the Lexington Democrat, has been appointed by Miss Clara Barton, president of the Red Cross Society, as a member of the Advisory Board. Each State has one representative on the board.

THE total amount subscribed to the Ewen fund is \$1,464 75, all of which has been turned over to that good citizen who dared to tell the truth.

Thomas M. Sharp was nominated for representative over Dr. C. W. Mathers by the democrats of Nicholas county.

POLITICAL.

Col. W. I. Scott, republican nominee for representative from Shelby county, announces that he will not support Belknap for governor.

The Winchester Democrat proposes the name of Judge M. C. Saulley as the democrat nominee for judge of the court of appeals from this district. A good suggestion.

Judge Lawrence, an Owensboro republican, in protesting against his county instructing for Belknap, said: "If you endorse Belknap he is beaten 47,000 to start with."

The republican candidates met in Louisville Friday and adjourned to meet about August 1, when, in conjunction with the State Central Committee, they will select a campaign committee.

A call has been issued for a conference of Populists and Fusionists, to be held at Denver July 29. The call is issued by National Committeeman Joe Parker, and dissatisfied democrat and republicans are invited to attend.

Considerable soreness is said to have been aroused among the friends of Jno. W. Yerkes in Washington over the ovation given Gov. Bradley when he attempted, as they say, to "Bryanize" the Kentucky republican convention.

Judge M. C. Saulley would make a mighty fine man for the Appellate bench, and his graceful acquiescence in the 13th Judicial settlement will insure him many strong followers for that place should he desire it.—News.

The republican State campaign this fall will be the corporations against the people, says a Louisville dispatch. Belknap, the nominee for governor, is at the head of a number of large corporations and interested in many others. Welsh, for auditor, is a banker; Spelght, for secretary of State, is a corporation lawyer and interested in a number of large corporations.

Judge Saulley's manly action in gracefully yielding to the decision and pledging his earnest and able support to the nominees was no more than was expected from that splendid old democrat. He is one of the type that we all love to honor and are proud to claim as a party man. Mr. Owsley gallantly seconded Judge Saulley's pledge, and will be found doing his full part for victory. With this condition of peace and harmony disappears the last hope of the republicans for victory in this district, and they are already expressing their chagrin.—Harrodsburg Democrat.

The republican ticket nominated in Louisville is as follows: For Governor—Morris B. Belknap, of Louisville; for Lieutenant Governor—J. B. Wilbott, of Boyd county; for Treasurer—John A. Black, of Harrodsburg; for Auditor—George W. Welsh, of Danville; for Attorney General—Judge W. M. Beckner, of Winchester; for Secretary of State—J. C. Spelght, of Graves county; for Superintendent of Schools—Livingston McCartney, of Henderson; for Commissioner of Agriculture—Geo. Baker, of Muhlenberg county; for Clerk of Court of Appeals—J. H. Newman, of Monroe county.

E. H. Beazley & Co. have received another car load of horses this week. They are selling them cheap and many farmers are buying teams. If you need a work horse, see them.

Robert G. Evans, one of the largest hemp growers in this section, told the Advocate that the crop this year would be almost a complete failure on account of the excessive drouth.

Very few cattle were on the Danville market yesterday and if any sales were made we were not fortunate enough to get hold of them. It was the dullist court Danville has had in years.

There will be a splendid line of attractions at the Lexington Elks Fair this year, the dates being August 10 to 15 inclusive. Besides the sensational railroad collision in which two real live locomotives weighing 30 tons each, will crash together at full speed on the afternoon of Wednesday, the third day, will be the Raugh's 20th Century Band of 35 musicians, a Japanese village, splendid live stock rings, daily racing and other attractions. The premium list is greater this year than ever before. The Elks of Lexington are sparing neither pains nor money in making their big show this year a success.

It is estimated that 10,000 Elks have arrived in Baltimore for the national convention.

THE county redeemed and cancelled last week four bonds of \$500, series Apr. 8, 1895, bearing six per cent. and due in 1905, at a net profit to the county of \$125. The county will exercise its option on Sept. 1 to redeem the \$10,000 series of four per cent. bonds issued in 1895.

THURSDAY of the Crab Orchard fair will be a red letter day in the history of the association. Gov. Beckham and his staff will be present, as will Hon. W. Connell and Charles A. There were several courses and every thing good to eat was included in the menu.

LACKEY.—Mrs. G. T. Lackey died at her home in St. Louis Sunday afternoon at 6:30 of peritonitis. She had been ill only a short time and the news of her death was a shock to her family and many friends here. Mrs. Lackey was the second daughter of Judge and Mrs. J. W. Alcorn and was a lovely young woman. About three years ago she was married to the man who now mourns her loss and they had since resided in St. Louis, where Mr. Lackey is in business. The remains arrived here last night and at 4 o'clock this afternoon will be consigned to mother earth after a short service.

AT 10:30 o'clock Saturday morning after short services by Rev. A. S. Moffett, of Lebanon, the remains of W. Frank McKloney, whose death was announced in Friday's issue, were laid to rest in Buffalo cemetery. It was a sad burial and many a heart went out to the wife and children, in their irreparable loss. May He who tempers the wind to the shorn lamb care for the widow and fatherless children and make them to soon realize that their loss is his eternal gain. May He also give to the aged mother and devoted sister and brother strength to bear their terrible bereavement. Certainly there has been no sadder death in this section in years and sympathy for the bereaved ones is universal. Mr. McKloney was a fine young man, hardly in the prime of life and that he should have been cut down when he was so much help and comfort to his family and friends is a mystery that only He who sitteth on the judgment throne can solve. Of course it was for the best but how hard it is for those to whom he was most dear to see it in that light. Surely a good man has gone to his reward; let those who survive him emulate the good example he set.

WILL LIKELY RUN.—Miss Kate Bogie, of Hustonville, who was here Friday and Saturday, was the recipient of many pledges of support in the event she announces for superintendent of public schools. She would not tell us positively whether or not she would make the race but left us under the impression that she would. She is admirably fitted for the office and would make a formidable candidate. Her father, Rev. John A. Bogie, was once superintendent of schools of this county.

MATRIMONIAL.

William Oaks and Miss Alberta Lunford were granted license yesterday to marry to-morrow.

The following from the Middlesboro Record will be a surprise to the gentleman's many friends in this section: The secret marriage of Mr. W. J. Kinnard and Miss Lily Doon, which occurred in the early Spring of 1902, has just been made known. Upon Mr. Kinnard's return from Texas, where he had been improving in health, they were married, no one knowing of the affair except the immediate family of the young lady, and Mr. H. N. Beard, who witnessed the ceremony. Physicians were of the opinion that Mr. Kinnard would have to spend another winter on a western ranch to fully recover his health, and it was decided to keep the marriage a secret. He having fully recovered the announcement is made.

Brutally Tortured.

A case came to light that for persistent and merciless torture has perhaps never been equaled. Joe Golobick of Colton, Cal., writes: "For 15 years I endured insufferable pain from Rheumatism and nothing relieved me though I tried every thing known. I came across Electric Bitters and its greatest medicine on earth for that trouble. A few bottles of it completely relieved and cured me. Just as good for Liver and Kidney troubles and general debility. Only 50c. Satisfaction guaranteed by all druggists."

Very Remarkable Cure For Diarrhoea.

"About six years ago for the first time in my life I had a sudden and severe attack of diarrhoea," says Mrs. Alice Miller, of Morgan, Texas. "I got temporary relief, but it came back again and again, and for six long years I have suffered more misery and agony than I can tell. It was worse than death. My husband spent hundreds of dollars for physicians' prescriptions and treatment without avail. Finally we moved to Bosque county, our present home, and one day I happened to see an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy, with a testimonial of a man who had been cured by it. The case was so similar to my own that I concluded to try the remedy. The result was wonderful. I could hardly realize that I was well again, or believe it could be so after having suffered so long, but that one bottle of medicine, costing but a few cents cured me." For sale by Craig & Hocker

State College of Kentucky.

The Agricultural and Mechanical State College of Kentucky, offers the following courses of study, viz: Agricultural, Horticultural, Chemical, Biological, Mathematical, Physical, Normal School, Chemical, Mechanical, Engineering, Electrical Engineering, Civil Engineering, each of which extends over four years and leads to a degree. Post Graduate studies are also provided, leading each to a Master's degree. Each course of study is organized under a separate faculty. The general faculty numbers nearly 50 professors and instructors. COUNTY APPOINTMENTS receive tuition, room rent in dormitories, fuel and lights, and if they remain 10 months, traveling expenses.

The laboratories and museums are large, well-equipped, comprehensive and modern. The Legislature appropriated \$60,000 for a College Home for young women and \$30,000 for drill hall and gymnasium for men. The latter is completed and in use, the former will be ready for occupancy in October.

Military tactics and Science are fully provided for as required by Congress. Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the College to supply. Last year the matriculation list was 604.

Summer Schools are provided for Pedagogy, Engineering and Instruction in Science. Specialists with the necessary number of assistants, have charge of each department of Natural Science.

The State College of Kentucky, though bearing hitherto the title of College, is the only institution in the Commonwealth doing, in any proper sense, University work.

The completion of the College Home for young women will provide facilities for good board and lodging. It is equipped with all modern conveniences including bath rooms and room for physical culture. It will be heated by steam and lighted by electricity.

An opportunity is afforded to them of a thorough education in Classical, Modern Languages, Literature, Science, Mathematics, Logic, Metaphysics, History and Political Economy. No other institution in the State offers advantages for the education of women at all comparable to those offered by State College of Kentucky.
